

LIVER, KIDNEY, HEART, BRAIN FUNCTIONS

HUMAN BODY IS WORKING WITH THE COMMAND FROM BRAIN, IN THE NEURON IS A TRANSMITTING THE SIGNAL BOTH INPUT AND OUTPUT.

- IF YOU WERE CONSUMING WRONG FOOD, FIRST CHECK POINT IS LIVER WILL SCAN AND IDENTIFY AND IF IT MATCHES TO YOUR DNA IT WILL ACCEPT, OR IT IS VENOMOUS MEANS, IT WILL DRAIN OUT TO MOTION.

LIVER: PROTECTION GOD!!!!

- LIVER IS PROTECTING YOUR BODY.
- IF LIVER DAMAGE, YOU WILL DIE.
- OUT 100%, 96 % WORK LIVER IS DOING.
- FOR YOUR FOOD DIGESTION, IT WILL SECERTE ACID, (COLOR IS GREEN OR LIGHT YELLOW)
- IF YOU GET INJURED ANY PART OF BODY, HEAVY BLOOD LOSS, THAT TIME, LIVER STORE CERTAIN AMOUNT BLOOD IN RESERVE, WHICH WILL KEEP YOU IN ACTIVE MODE, RISE UP GULCOSE.
- LIVER > KIDNEY > HEART > BRAIN.

BRAIN: YES OR NO!!!!

- BRAIN IS SIMPLY SAY AS, CPU, CENTRAL PROCESSING UNIT LIKE COMPUTER.
 - BRAIN CONSISTS OF 3 PARTS.
 - FRONT PART IS TUNER.
 - 4 TYPES OF HORMONE WILL SECERTE IN BRAIN CHEMICAL REACTION.
 - DOPAMINE, SEROTONIN, ENDORPHINS, AND OXYTOCIN.
- DOPAMINE: CURIOSITY | ENDORPHINS / SEROTONIN: HAPPY MODE. | OXYTOCIN: FEELING.
MELATONIN: GOOD SLEEP.

NEURO: FIBER NETWORK!!!!

- ENTIRE NEURO FIBER OPTICAL CABLE ARE TAKEN OVER SAFETY PATH WAY INBETWEEN SPINAL CORD.
- ENTIRE BODY NEVEROUS SYSTEM IS CONNECTED WITH BRAIN.

EXAMPLE: URGENT URINE FEELINGS, NEURO WILL TRANSMIT THE MESSAGE TO BRAIN, NOW BRAIN COMMAND, IMMEDIATELY TO RELEASE URINE FROM URINARY BLADDER, OR YOU NEED TO FACE KIDNEY FAILURE.

MALE:

- MALE HAVE TWO CHROMOSOME (i.e) X & Y.

X = BODY || Y = IDENTIFICATION OF MAN.

- NOTE: MALE IS SEPARATE, NOTE: (FE)+MALE = FEMALE.
- MALE IS DECIDER.

LIVER, KIDNEY, HEART, BRAIN FUNCTIONS

FEMALE:

- FEMALE ARE PART OF MALE.
- BE CLEAR, MALE NOT FROM FEMALE.
- FEMALE ARE FROM MALE.
- (FE) MALE HAVE ONLY X CHROMOSOME WHICH IS PRODUCE EGGS.
- (FE) MALE IS ACCEPT WHAT MALE IS DECIDE.

RE - PRODUCTION PROCESS:

- MALE & (FE) MALE DOING SEX FOR 5 TO 7 SECONDS, MALE SPERM IS OUTPUT, SENT INPUT DATA TO FEMALE UTERUS.
- NOTE, IF MALE RELEASE "X CHROMOSOME" + FE (MALE) HAVING "X CHROMOSOME" = OUTPUT RESULTS IS GIRL BABY. (XX).
- NOTE, IF MALE RELEASE "Y CHROMOSOME" + FE (MALE) HAVING "X CHROMOSOME" = OUTPUT RESULTS IS BOY BABY. (XY).

CLEARLY NOTE, X IS BODY STRUCTURE,

ANOTHER XX IS GIRL PRIVATE PART.

SAME LIKE, XY IS BOY PRIVATE PART.

- BUT HERE, PEOPLE ARE DOING BODY SHAMING.

FOLLOW SCIENCE, IGNORE IRRATIONAL BELIEF.

HUMAN BODY:

- PHYSICS = BONE
- CHEMISTRY = BRAIN
- BIOLOGY = WORK AS PER BRAIN COMMAND.

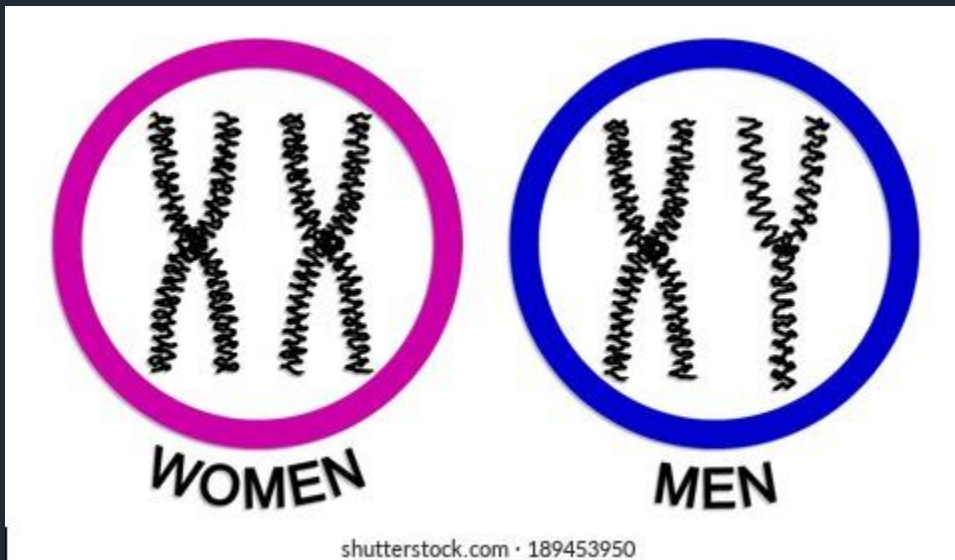

LIVER, KIDNEY, HEART, BRAIN FUNCTIONS

KIDNEY:

- MAIN FUNCTION OF KIDNEY IS TO PURIFY THE BLOOD AND SENT TO HEART, BAD BLOOD WILL SENT OUT VIA URINE.
- TAKE 5 MG OF SALT PER DAY, OR ELSE, YOU WILL DIE BECAUSE, NO PURIFICATION OF BLOOD LEADS TO HEART FAILURE, VEINS BLOCK RESULTS IN SUDDEN ATTACK.
- FINALLY, KIDNEY FAILURE MEANS > SAME BLOOD GROUP + KIDNEY EXACT MATCH REQUIRED TO SAVE HUMANS LIFE.
- CORTISOL HORMONE IS THE LAYER FORM IN THE UPPER LAYER OF KIDNEY, DUE TO STRESS.

MEDICINE \ DOCTOR ADVICE:

- KINDLY NOTE, ONE PERSON USING MEDICATION AS PER DOCTOR SUGGESTED, IT WILL NOT WORK TO ANOTHER PERSON OR INDIVIDUAL.
- THAT'S WHY GOD CREATED THE SOFTWARE IN MALE BRAIN, IT WILL SUPPORT BOTH X & Y VARIANCE.
- ADMIN IS GOD, ALL ARE PROTECTED.
- FE --- MALE WILL PLAY MALE MEANS, HARDWARE AND SOFTWARE SUPPORT WHATEVER YOU SENT.

HEART:

- **CARDIAC ARREST:** IT MEANS, TOTAL POWER CURRENT WILL STOP AND FINALLY DIED.

EXAMPLE: NO PROPER SLEEP, DEPRESSION, ANXIETY, FEAR, SAD ETC...

- **HEART ATTACK:** IT MEANS, BLOOD VIENS ARE BLOCK DUE TO OVER THICKNESS OF BLOOD EXTRA AND NO FREE FLOW OF BLOOD TO HEART. THIS LEADS TO HEAVY PAIN IN CHEST PART.

EXAMPLE:

- CONSUMPTION OF ALCOHOL + CHEWING / SMOKING OF TOBACCO.

LIVER, KIDNEY, HEART, BRAIN FUNCTIONS

- HEAVY LOAD OF EATING NON VEG (CHICKEN, MUTTON, PIG ETC...)

SAL - U - SIN: (SOLUTION)

- SIMPLE, WHERE YOU LEFT SEARCH THEIR, YOU WILL ANSWER.

ADVISE FROM DSS!!!!

- DON'T LOSE HOPE.... FIGHT AND ROUGH IT OUT.... DON'T GIVE CHANCE TO ANYONE.

FACE THE RACE!!!!

BE INSPIRED!!!! BUT DON'T COPY!!!!
